

**REMARKS**

With respect to the change to the specification at page 9, lines 32/33, the broader surface energy range of original claim 12 is included into the specification and language added to make the specification read logically at this point.

Certain claims are amended so as to agree with the specification.

With respect to claim 9, see page 4, line 31.

With respect to claim 17, see page 12, lines 7-13.

With respect to claim 19, claim 19 is amended to agree with claim 12. See page 17, line 1.

With respect to claim 22, changing to polyethylene glycol, see page 17, line 4 and with respect to the upper average particle diameter of the titanium oxide, see page 17, line 9.

With respect to claim 23, changing to polyethylene glycol, see page 17, line 18, and with respect to the change to the average particle diameter of the titanium oxide and the maximum amount of the inert fine particles other than titanium oxide, see page 17, lines 18 and 19.

Entrance is requested; no new matter issue is presented.

AMENDMENT UNDER 37 C.F.R. §1.312  
U.S. Appln. No. 09/762,145

Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Peter D. Olexy", written over a horizontal line.
